§ BEARING

Product Manager with nearly ten years of experience turning complex operational workflows into scalable software. Background spans B2B SaaS platforms, regulated public-sector analytics, AI data infrastructure, and founder-level company building. Comfortable owning product end-to-end – from discovery and stakeholder alignment through backlog management, delivery, and measurement – in environments where requirements are incomplete and speed matters. Fluent in AI-native tooling and technical enough to work directly with engineering on architecture and implementation decisions.

§ CORE STRENGTHS

- Translating complex operational workflows into prioritised, dev-ready requirements
- Backlog management, sprint discipline, and delivery ownership across small squads
- Cross-functional stakeholder alignment including business, engineering, and QA
- Data-driven prioritisation and KPI-oriented product thinking
- AI-native product execution and rapid prototyping
- Internal tooling that directly improves end-customer experience
- Product discovery under ambiguity and shifting business priorities
- Technical fluency across modern web, data, and infrastructure stacks
- Founder-level pragmatism – low ego, high agency, full ownership

§ PROFESSIONAL EXPERIENCE

Rohde & Schwarz 2024, 2025

Product Manager, AI Data Transformation

- Delivered autonomous feature sets end-to-end: user stories, acceptance criteria, implementation support, testing, and GitOps-based rollout
- Reduced deployment times from several days to 20–40 minutes by introducing GitOps with ArgoCD
- Unblocked infrastructure-level issues independently; delivered in one week a feature the project lead had been requesting from engineers for over a year
- Led cross-functional team including architect, data scientists, backend and frontend engineers, and QA
- Built data provenance, audit trails, and evaluation frameworks for a multimodal AI dataset platform under government contract (FCAS)

Federal Employment Agency (Bundesagentur für Arbeit) 2023, 2024

Product Manager, Public Data Analytics

- Delivered new features for the Arbeitsmarktmonitor analytics platform: labour shortage analytics, flexible regional comparison, and modernised admin tooling
- Introduced Dagster for automated ETL and indicator generation; standardised CI/CD with full test integration
- Migrated legacy systems to Kubernetes and managed major system upgrades
- Served as Deputy IT Security Officer with focus on compliance, governance, and data lineage

Emil Group 2022

Product Manager, InsurTech SaaS Platform

- Designed and delivered a Claims Center module from concept to production rollout on a B2B platform serving primary insurers, reinsurers, MGAs, and brokers
- Re-established sprint discipline: split a bloated 17-person team into smaller, effective Scrum units and introduced ownership and deputy concepts
- Regained client trust in a prototype-stage environment through structured communication and weekly product workshops
- Reduced senior developer attrition from near-total to a single departure

CLINET Platforms 2021, 2022

Product Owner, Mobile Healthcare App

- Delivered core patient-facing flows: digital anamnesis, meal and therapy plans, transport, chat, and document storage across iOS and Android
 - Integrated CGM interface into hospital information system workflows under tight deadlines
 - Built stakeholder trust through transparent communication of technical complexity
-

§ FOUNDER & EARLY-STAGE EXPERIENCE

Qcrypt AG 2016, 2018

Product Owner & Deputy IT Security Officer

- Owned product architecture for a quantum-secure encryption product based on one-time-pad keys and true random number generator hardware
- Designed for setup under two minutes with no technical knowledge required – usability as a core product constraint

Kvitt Payment Solutions 2013, 2018

Founder & CFO

- Built a group-based P2P payment product on a P2P backbone, including PSP integration, full UX/UI design, and mobile app prototype
- Product later acquired and operated by Sparkasse

AOK Health Insurance – ITSCare 2019, 2020

Proxy Product Owner

- Managed migration of internal webshop to Shopware, including complex catalogue and API integration and configurable approval policy workflows
-
