PROFILE

Product manager and product owner with 13 years of product ownership in regulated industries including fintech, insurance, defence AI, healthcare, and public-sector analytics. I have been an active crypto trader and builder for eight years across spot, perpetuals, and DeFi. I run continuous discovery, turn strategy, user needs, and technical constraints into requirements and a prioritised roadmap, and lead cross-functional teams through agile delivery.

HOW I WORK

- I leave my ego at home. I want to drive the decision, not to have the last word.
- On a new product I spend a little to learn before spending a lot to build. Cheap experiments make expensive decisions safe(r).
- Outcome over output. Producing something is not the achievement; it also has to fit a market, so I agree what would count as success before we build and check afterwards whether it happened.
- I keep the whole value chain in view, not just the backlog. Defect-to-fix time is a product metric; architects and DevOps engineers build that chain, my job is to steer it into the right lanes.

WORK EXPERIENCE

Product Manager, Rohde & Schwarz, Munich / Remote | 07/2024-05/2025

Defence and aerospace. Internal AI and data platform for the FCAS European programme.

- Redirected product strategy based on user workflow analysis, increasing pipeline runs by 200% by prioritising developer-code-first over UI-led design. The polished UI-led workflow recorded zero clicks in production.
- Championed GitOps delivery and test automation with ArgoCD, reducing rollout time from days to 30 minutes for an AI and data platform across multinational teams.
- Led a cross-functional team of 15+ engineers and data scientists through Scrum in Jira and Confluence.

Product Manager, Bundesagentur für Arbeit, Nuremberg / Remote | 05/2023-07/2024

Public sector. National labour-market analytics platform for policymakers and researchers.

- Integrated test automation into the Jenkins pipeline; introduced Dagster and dbt so quarterly data imports ran without hand-holding, saving 75% of the time per data update.
- Migrated a bare-metal system fully into containers and carried a full UI relaunch and a large ETL migration through the same period.

Product Owner, CLINET Platforms, Berlin | 01/2023-07/2023

Healthcare. Mobile patient app for iOS and Android, piloted in hospitals.

- Cut a roadmap the team could not deliver to the top 10% of features against agreed success measures: user acceptance rose more than fivefold.
- Implemented the CGM interface into hospital information system workflows: digital anamnesis went from 30 minutes to 5 from form to database.

Product Manager, EMIL Group, Berlin | 04/2022-12/2022

Insurance. B2B SaaS platform for insurers, reinsurers, brokers and underwriters.

- Restructured an 18-person delivery organisation into three lean teams; attrition fell from near-total to a single departure.
- Shipped the Claims Center from concept to production with no precedent and cut time-to-market for new insurance product launches from months to under a week.

Product Owner Integration Team, Scheidt & Bachmann Fuel & Convenience Retail, Mönchengladbach |

09/2021-03/2022

- Retail and payments. Moved research results into production in a fully SaaS setup with agile release trains and PI planning.

Product Owner (interim), Bundesdruckerei, Berlin | 03/2021-06/2021

- Government, secure data platform. Data structures and identity management for the Robert Koch Institute programmes.

Product Owner (proxy), AOK ITSCare, Frankfurt | 03/2019-05/2020

- Health insurance, B2B procurement platform. Migrated a legacy system to Shopware for three AOK insurers and roughly 20,000 employees; still in production.

FOUNDER TRACK

Founder and Product Manager, construct8, Limassol | 12/2025-Present

Construction staffing, two-sided B2B marketplace. Zero to one alone.

- Built the full funnel using LLM agents for discovery and conversion; ran funnel and churn analysis in SQL.

Co-Founder and Product Owner, Qcrypt AG, Berlin | 01/2016-12/2021

IT security. Quantum-secure encryption hardware and software.

- Shipped a three-layer product that installs in under two minutes to meet enterprise adoption requirements. Later Chair of the board.

Founder and CFO, Kvitt Payment Solutions, Berlin | 02/2013-11/2018

Fintech. Mobile group-based P2P payments.

- Built from zero to acquisition: acquired and operated by Sparkasse inside the girocard ecosystem.

SKILLS

- **Crypto and Trading:** spot trading, perpetuals, DEX aggregation (Jupiter, 1inch), cross-chain bridging (Across Protocol), Hyperliquid, Bitget, liquidation heatmap analysis (Coinglass, Hyblock Capital), market microstructure, slippage, price impact, routing, backtesting.
- **Product Management:** continuous discovery, product roadmap and vision, prioritisation, MVP definition, A/B testing, user research and interviews, prototyping, go-to-market support, funnel and churn analysis, KPI definition.
- **Product Ownership:** requirements engineering, user stories, acceptance criteria, backlog refinement, sprint planning, velocity and burndown, UAT, Jira, Confluence, Figma, Miro.
- **AI Products and Tooling:** LLM agents, agentic workflows, prompt and context engineering, human-in-the-loop design, Claude Code, GitHub Copilot, Cursor, Lovable, n8n, Gamma.app.
- **Agile and Scaled Delivery:** Scrum, Kanban, SAFe, ART, PI planning, GitOps rollout with ArgoCD, CI/CD, containerised environments.
- **Analytics and Data:** Dagster, dbt, PostgreSQL, DuckDB, ETL, Matomo, MicroStrategy, SQL.
- **Technical Environments:** Python, Kotlin (Spring Boot), REST APIs, Kubernetes, Docker, Jenkins, GitLab, Azure DevOps, MongoDB.
- **Governance:** GDPR, Deputy IT Security Officer, identity management, EU AI Act, Explainable AI (XAI), budget ownership and financial planning.

EDUCATION

Diplom-Wirtschaftsingenieur (Industrial Engineering and Management, equivalent to a Master's degree), Technische Universität Berlin (TU Berlin), Germany | 10/2006-09/2014

- Specialisation: Logistics. Thesis with Siemens AG Energy Service on balancing-power market profitability.

LANGUAGES

German (native speaker, C2) · English (C2, business and technical fluency)
